

# Keep Your Hands Off It With GrabIt!

## Adjustable Lock-On Grip for Tubulars and Pipe

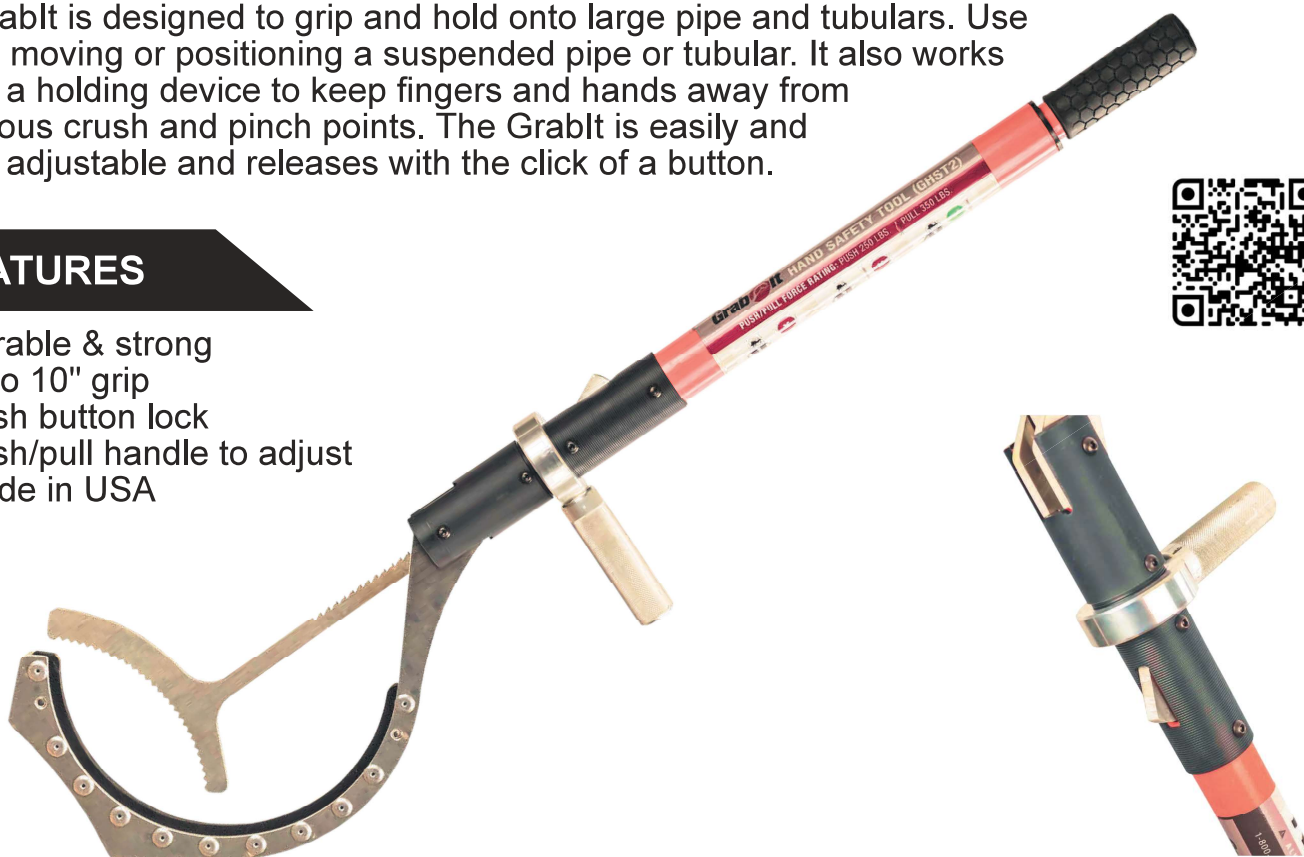

## GRABIT

The GrabIt is designed to grip and hold onto large pipe and tubulars. Use it when moving or positioning a suspended pipe or tubular. It also works well as a holding device to keep fingers and hands away from hazardous crush and pinch points. The GrabIt is easily and quickly adjustable and releases with the click of a button.

### FEATURES
